PROFILE

I was born and raised in Colombia, then spent 10 years living and working across Asia before settling in Switzerland. That international background isn't just on my passport – it's how I think and work. With a Bachelor's in Marketing and currently wrapping up my Digital Marketing Expert certification (DMI), I'm the kind of person who doesn't just talk about strategies; I roll up my sleeves and make them happen. What drives me? Building real trust in multicultural teams and tweaking processes until they actually deliver better results. Punctuality, responsibility, and straight-up honest communication? Non-negotiable for me.

PROFESSIONAL EXPERIENCE

Ride Operator – Water Attraction | Conny-Land (Switzerland's largest amusement park) | Lipperswil, Switzerland *08.2025 – 10.2025 (Seasonal)*

- Made sure the "Voodoo Island" water ride ran safely and smoothly – which meant chatting with over 100 kids and parents every single day during the season. It was fast-paced, fun, and all about keeping everyone happy and safe.
- Greeted guests in German, English, and Spanish, creating a warm, welcoming vibe for families from all over.
- Kept the attraction spotless, did daily safety checks, and handled guest questions on the spot – no issue too small.
- Helped little ones (and their parents) on and off the ride, explained safety rules playfully, and made sure every family left with a smile. Guest feedback was consistently awesome.
- Worked closely with a great team of operators – we had each other's backs during the busy season, and it showed in the guest experience.

Co-founder & President | La Pachamama (Wellness & Event Space) | Remote / Colombia 01.2022 – 12.2025

- Started a wellness space from zero and grew it into a real community hub. How? By being there in person and running smart digital campaigns. In the first year, brand awareness shot up by 35%.
- Built a marketing strategy that mixed social media buzz with local SEO – result? 30% more customers in year one.
- Set up a CRM-powered loyalty program that made people feel valued. They came back, not just for events but because they felt part of something.
- I'm a bit of a data nerd – I'd dig into which events really clicked with people and tweak things on the fly. That hands-on approach boosted event attendance by 20%.
- Brought new team members on board, showed them the ropes, and helped build a culture where we genuinely supported each other.

HR Advisor | Shell | Remote / Global 01.2021 – 01.2022

- Advised employees and managers on sensitive HR issues – from conflicts to compliance – handling about 30 cases a month with empathy and discretion.
- Streamlined the hiring process, cutting time-to-hire by 20% while keeping diversity front and centre.
- Kept our HRIS (Workday) squeaky clean and helped roll out new processes that actually made people's daily work easier.
- Acted as the go-between for internal teams and external partners – making sure nothing got lost in translation.
